

Kevin Michael G. Ngkaion

Cell #: 778-930-1379 | kevinngkaion@gmail.com | www.kevinngkaion.me | github.com/kevinngkaion

An enthusiastic and reliable software developer with a passion for programming. I have worked on programming technologies in both full-stack and backend focused applications using Java, Express.js and LAMP. Furthermore, I am a global citizen with exceptional people skills, able to communicate in multiple languages including English, Filipino, Mandarin, and Bahasa Indonesia.

Skills

Technical

- Java, Python, JavaScript, PHP, VB
- HTML, CSS, BootStrap
- Apache, Django, Flask, JQuery, AJAX, MySQL, SQL+, Express, React
- Git, GitHub, Agile (Scrum)
- Linux – Manjaro as my daily OS.
- Test driven development – JUnit Testing
- Data structures – Implementing complex data structures and optimizing code to use the best data structure to minimize $O(n)$ runtimes

Teamwork

- Regularly collaborated with both internal and external project stakeholders to ensure timely execution of project deliverables by using Gantt Charts
- Jira – Currently using Jira to organize our backlog and sprints for ongoing CIS Final Project
- Prevented delays in team deliverables at Birches Group by understanding schedules for both team and individual tasks, preparing alternative action plans to ensure team success

Leadership

- Peer tutor for first year CIS students at Okanagan College
- Organized the inaugural Code Blue coastal cleanup dive weekend hosted at Anilao Beach Club
- Led focus group study which eventually led to an office hoteling environment being implemented at Birches Group

Education

Okanagan College, Vernon, BC

Computer Information Systems Diploma

May 2023

- GPA: 90%

Awards: Dean's List Fall 2021, Winter and Fall 2022, and Winter 2023 Semesters
